

Instructions on how to drive to LEGO Manufacturing Richmond, 1600 Ruffin Mill Road, Colonial Heights, VA 23834

NOTE - The commercial driver must use I-95 to get to the Ruffin Mill Road Exit. DO NOT USE ROUTE 10 to RUFFIN MILL ROAD!!!! The road is RURAL with a weight restriction and a single lane bridge crossing. Commercial Trucks will be informed to ignore GPS and turn around.

Google maps says Glaxosmithkline but this is the LEGO building.

The driver will come from I-95 and arrive to the industrial part from the left side of the picture - Ruffin Mill Road (746). There are two entrances to the industrial park. If the second entrance is used (green arrow on the right), the driver will see a LEGO sign on the building. The first green arrow has no signs for LEGO building. The entrance to the receiving yard is by the BLUE Arrow.

For any questions, LMR Phone Number – 1-804-816-0870
